DETAILED ACTION

The following office action is in response to the amendment filed on April 7, 2008. Claims 44, 46-52. Claim 44 has been amended.

Allowable Subject Matter

1. Claims 44, 46-52 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With respect to independent claim 44, the prior art of record do not teach a three-dimensional image display comprising; two-dimensional image forming means by scanning light subject to time modulation, such that the scanning light projects the plurality of two dimensional image pixel-by-pixel by cyclically projecting one pixel from each of the plurality of two dimensional images, before projecting another pixel from each of the plurality of two dimensional images.

With respect to independent claim 49, the prior art of record do not teach a three dimensional image display comprising; three dimensional image forming means for forming a three dimensional image by projecting the light emitted by the two dimensional image forming means in different directions in accordance with positions of incidence to project the plurality of two dimensional images in directions different from each other, wherein the three dimensional image forming means has a region in which position information used for controlling the positions of incidence of the light emitted by the two dimensional image forming means is recorded.

With respect to dependent claims 46-48; 50-52 are allowed as they depend upon the allowed independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
